

## 6.170 Final Project - "Ibetcha"

Thursday, November 13, 2014

Team members: Zulsar Batmunkh, Saadiyah Husnood

Jonathan Lim, Dana Mukusheva

### Report

1. Setup Venmo account and encountered legal issues related to their terms of use (illegal betting)
2. Therefore, implemented passport.js authentication instead of passport-venmo for MVP
3. Created schemas and routes for basic features of our app (users, bets, friending)
4. Finished email invite routine
5. Added tests as we developed router methods
6. Worked on and submitted design document
7. Removed interactions with Facebook API (gave the initial idea of invite system through Facebook)
